

### **ADVANTAGES OF THE TEAM CHALLENGE REGATTA**

**One does not have to be a great athlete to excel in the sport!**

Sailing is a sport of skill and timing that everyone can easily learn and participate in. Although sailing is both physically and mentally challenging, no one person has an unfair advantage over another, which means that everyone has a relatively equal opportunity for victory.

**The value of teamwork is clearly and dramatically demonstrated!**

Sailing is by nature, a team experience. The role of each member of a sailing team is vitally important. In performing even the simplest of sailing maneuvers, certain specific actions must be performed precisely by each crew member in concert with the rest of the crew. The desire of each individual to perform well for the team becomes very strong as communication and camaraderie develop.

### **SEAPORT CONFERENCE CENTER**

Spinnaker Sailing has teamed up with the Seaport Conference Center to bring you bundled programs that include meeting and event space

We can now provide you with a meeting room, classroom, or event space for your group. This can be in conjunction with one of our team-building programs or separately.

Meeting rooms come complete with projectors, screens, whiteboards, markers, flip charts, internet connectivity and much more. Complete food and beverage service also available.

### **Team Challenge Regatta-The ultimate OFF SITE!**

In the middle of San Francisco Bay, far from the familiar surroundings and pressure of the office, participants unwind and get to know each other in a new way. They interact and bond together as a team in a new, fun, and challenging way. Everyone can continue to enjoy the positive benefits of a sailing regatta long after the event is over, because the team that works well together on the water will work even better together in the workplace.

## TEAM CHALLENGE REGATTA

Today America's top corporations are stressing the Team Concept as critical to improving efficiency and productivity.

Many companies are striving to reinforce teamwork among their personnel by providing fun, "team building" exercises within their off site meetings and special events.

Spinnaker Sailing's Team Challenge Regatta is a totally unique group program that vividly demonstrates the value of the team with an exhilarating sailing race on the San Francisco Bay!

With specialized training, each team quickly learns to work together as a cohesive unit, driving to sail their sleek yacht to the finish line.

Individually, each team member benefits by improving decision making, communication, and leadership skills. Being part of a sailing Team instills a feeling of self confidence and helps build a strong, competitive, winning spirit!

Our clients have told us that the teamwork and camaraderie developed during this day of fun and excitement directly carry over to the workplace with higher productivity and greater enthusiasm on the part of the employees.

Spinnaker Sailing is happy to offer several team building options to get your team out for an unforgettable day on the water.
