TEAMBUILDING

# Spinnaker Sailing Presents!

## TEAM CHALLENGE REGATTA

Today America's top corporations are stressing the importance of the "Team" concept as critical to improving efficiency and productivity.

Many companies are striving to reinforce teamwork among their personnel by providing fun, "team building" exercises within their off site meetings and special events.

Spinnaker Sailing's Team Challenge Regatta is a totally unique program that vividly demonstrates the value of teamwork with an exhilarating day of sailing on the San Francisco Bay!

Our Team Challenge Program combines a learn to sail component with a sailing regatta.

Each team, through specialized training, learns rapidly to work together as a cohesive unit, to sail their sleek yacht around the race course to the finish line.

Individually, each team member benefits by improving decision making, communication and leadership skills. Being part of a sailing team instills a feeling of self confidence and helps build a strong, competitive and winning spirit!

Our clients have told us that the teamwork and camaraderie that is developed during this day of fun and excitement directly carries over into the workplace with higher productivity and greater enthusiasm on the part of the employees.

Spinnaker Sailing offers several team building options to get your team out for an unforgettable day on the water.

### ADVANTAGES OF THE TEAM CHALLENGE REGATTA

**One does not have to be a great athlete to excel in the sport!**

Sailing is a sport of skill and timing that everyone can easily learn and participate in. Although sailing is both physically and mentally challenging, no one person has an unfair advantage over another, which means that everyone has a relatively equal opportunity for success.

**The value of teamwork is clearly and dramatically demonstrated!**

Sailing is by nature, a team experience. The role of each member of a sailing team is vitally important. In performing even the simplest of sailing maneuvers, certain specific actions must be performed precisely by each crew member in concert with the rest of the crew. The desire of each individual to perform well for the team becomes very strong as communication and camaraderie develop.

### SEAPORT CONFERENCE CENTER

Spinnaker Sailing has teamed up with the Seaport Conference Center to bring you bundled programs that include meeting and event space.

We can now provide you with a meeting room, classroom, or event space for your group. This can be in conjunction with one of our team-building programs or separately.

Meeting rooms come complete with projectors, screens, whiteboards, markers, flip charts, internet connectivity and much more. Complete food and beverage service also available.

**Additional Options Available- quoted on request!**

All of our ASA certified Sailing Instructors are dedicated professionals, skilled at working with people with all degrees of sailing experience especially brand new sailors!

“ Getting together is a start, remaining together is advancement and working together is an achievement”

## **Team Challenge Regatta-The ultimate OFF SITE!**

In the middle of San Francisco Bay, far from the familiar surroundings and pressure of the office, participants unwind and get to know each other in a whole new way. They interact and bond together as a team in a fun and challenging event. Everyone will continue to enjoy the positive benefits of a team sailing regatta long after the event is over because teams that succeed together on the water will succeed even better in the workplace.
